

# Guide to accessible interventions

## Before intervention

### CHECK

Client's record so you are aware of accessibility requirements.

### PREPARE

So the client's needs are accommodated.

## During intervention

### ASK & OBSERVE

Is there anything I can help you with?

### CLARIFY

Have you explained things in a way the client understands?

### RECORD

Any support requirements for future reference.

## Follow-up support requirements

### ASK

Are you able to do what we talked about, or would you like me to arrange some help?

### RECORD

Any support requirements for future reference.
